

# EVERYTHING YOU NEED TO KNOW FOR VINEYARDS MAILBOXES!

You may have noticed as you drive on our streets that our mailboxes are showing their age. Some are bent, faded, or have illegible or mismatched house numbers. Consider if your mailbox needs any “upgrades” for summer of 2017.

**Supplier** - Stephen White Co - 78 Buchanan St La Vergne TN 37086 615 793-8817  
We spoke to Alan White and his staff who were very helpful to discuss all options for Vineyards.

## **Costs-**

- **Replacement numbers** (for both sides) that match Vineyards fonts and 3" high letter size - \$13.37 tax included
  - *Note: These were purchased for all HOA households in July 2017. Please contact a board member to obtain yours.*
- **Replacement number plate** (includes hangers and numbers preinstalled) \$24.13 tax included
- **Mailbox only** - Sold at Home Depot - Model E1600B00 Gibraltar \$24.97+ tax (many people find the screws to remove old box are badly rusted and this could take time to remove)
- **Complete mailbox, post, numbers** \$255.45 tax included for pickup or \$317.76 tax included for delivered and installed. Possible additional fee of \$25 to remove old box might apply.

Our mailbox post is no longer kept in stock, as demand is too low, so Stephen White Co makes them to order. Did you realize we have decorative “vines” for the “Vineyards???”

**Recommended paint** for uniformity and longer life and appearance - **Rustoleum Satin Black spray paint** at Home Depot, Lowes and others for @ \$4. One can will do 2 mailboxes on a calm day– make sure to paint on calm day to save paint and of course avoid overspray on your car parked in driveway!

No decals or reflectors are to be attached to the mailboxes
